STATEMENT OF AVAILABILITY
U.S. PATENT No. 10/057,561

A8275

2209, on December 11, 2002, will be irrevocably removed, subject to the provisions set forth in 37 C.F.R. §1.808(b).

We agree that the above-identified bacterial strain designated in the above-identified application will be maintained for a period of 30 years or 5 years after the last request for the deposit or for the effective life of any patent which issues on the above-identified application, whichever is longer;

We agree that if the deposit becomes non-viable, it will be replaced; and

We also assure access to the deposit to one determined by the Commissioner to be entitled thereto under 37 C.F.R. § 1.14 and 35 U.S.C. § 122.

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon.
